EDITORIAL

- 5 **Preface: Early Cretaceous insects from East Asia: Palaeodiversity, palaeobiogeography and palaeoecology**
 CHEN-YANG CAI

ARTICLE

- 9 **The first genus and species of Orthophlebiidae sensu stricto from the Lower Cretaceous Dabeigou Formation of Northern China**
 XIN-NENG LIAN
- 18 ***Apriacma acoronata* sp. nov., a new cupedid beetle (Coleoptera: Archostemata) from the Lower Cretaceous Jiufotang Formation of North China**
 SHUANG-MAO GUI, LI HE, YA-GUANG ZHANG, JIE YUN, JING ZHOU, LI TIAN, XIN-CHUN LUO, XIAO SUN & CHEN-YANG CAI
- 28 **Cretaceous beetles of the Jinju Formation: *Cryptocoelus minimus* sp. nov. (Coleoptera: Elateridae) from the Early Cretaceous of South Korea**
 SOO-BIN LEE, CHEN-YANG CAI & GI-SOO NAM
- 36 **First record of Palaeontinidae (Hemiptera: Cicadomorpha) from the Jiufotang Formation illustrates entomofaunal continuity of the Jehol Biota**
 DOLEV FABRIKANT & LEONIDAS ROMANOS DAVRANOGLU
- 43 **Caddisfly pupae (Trichoptera) from the Early Cretaceous of eastern China**
 JIA-LI ZHOU & DI-YING HUANG
- 50 **Carrion beetles from the Lower Cretaceous Yixian Formation of northeastern China (Coleoptera: Staphylinidae: Silphinae)**
 CHEN-YANG CAI
- 60 **Farther East: New Ghilarellinae wasps (Hymenoptera: Sepulcidae) from the Albian of the Republic of Korea extend the geographic range of the subfamily**
 CORENTIN JOUAULT, DMITRY S. KOPYLOV, ALEXANDR P. RASNITSYN, GI-SOO NAM, SEUNG-HYUK KWON & NOZOMU OYAMA

- 71 **New data on Cicadomorpha from the Early Cretaceous Jehol Biota of China**
YAN-ZHE FU, MATHIEU BODERAU, DOLEV FABRIKANT & ANDRÉ NEL
- 85 **A new *Lapicixius* planthopper species (Fulgoromorpha: Lalacidae) from the Lower Cretaceous Yixian Formation of northeastern China**
MATHIEU BODERAU, ANDRÉ NEL & YAN-ZHE FU
