**ARTHUR ANKER & PAULO P.G. PACHELLE (2016) Mud-shrimps of the genus *Axianassa* Schmitt, 1924 from Panama, with description of two new species (Decapoda: Gebiidea: Laomediidae). *Zootaxa*, 4111(2): 101–125.**

On page 123, under the key couplet 12A and 12B, replace "pleuron of first pleuron" by "first pleuron". This obvious double error was inadvertently introduced by the *Zootaxa* type-setting team, following the authors' request to make a simple minor change in the final proof of the article.
