**ALLEN F. SANBORN (2016) The cicada genus *Guyalna* Boulard & Martinelli, 1996 (Hemiptera: Cicadidae: Cicadinae: Fidicinini): generic description, twelve new combinations, and a key to species. *Zootaxa*, 4105 (5): 430–454.**

The image for Fig. 6 and Fig. 7 on page 437 is the same. The image is of the holotype of a junior synonym of *Guyalna brisa* (Walker) and is the correct Fig. 6. The correct image for Fig. 7 is the holotype of *Guyalna chlorogena* (Walker) provided here.

**FIGURE 7.** *Guyalna chlorogena* (Walker, 1850). A, holotype male, unknown locality (BMNH). Scale bar: 2cm; b, timbal cover. Scale bar: 2mm.
