SUNIL JOSHI (2020) A new species of *Marsipococcus* Cockerell & Bueker (Hemiptera: Cocomorpha: Coccidae) infesting *Piper nigrum* L. in India. *Zootaxa*, 4820: 572–580.

Due to an oversight, the depository of the new species, *Marsipococcus christopheri* Joshi **sp. n.**, collected in Koor, Calicut, INDIA, was omitted from the manuscript. The slides of the holotype and paratypes have been deposited at the National Insect Museum of the Indian Council of Agricultural Research—National Bureau of Agricultural Insect Resources (ICAR—NBAIR), Bangalore, Karnataka, India.
