KARIM MEZALI, AHMED S. THANDAR & IHCENE KHODJA (2020) *Paraleptopentacta*, a new Mediterranean and north-west Atlantic sea cucumber genus, with the first record of *P. tergestina* n. comb. (Echinodermata: Dendrochirotida: Cucumariidae) from the north-western Algerian coast. *Zootaxa*, 4860: 199–210.

All wording with “north-west Atlantic” need to read as “north-east Atlantic”
