

**DENNIS R. PAULSON & MILEN MARINOV (2021) *Zootaxa* 20th Anniversary Celebration: Odonata section. *Zootaxa*, 4979: 218–221.**

Updated Table 2 is presented below.

Originally we had trouble deciding how to compile Table 2, as some of the authors of *Zootaxa* papers listed affiliation with countries other than their own, but we credited their own country instead. On second thought, we have decided to compile the list based strictly on the credits given in the papers, so that necessitated revising the totals. Thus The Netherlands is very well represented because several authors from other countries list their affiliation with the Naturalis Biodiversity Centre in Leiden. When an author listed affiliation with two countries, as was done in a few cases, we credited both countries in the table.

**TABLE 2.** Countries of origin of authors of Odonata papers in *Zootaxa*.

Country of authors	# papers	Country of authors	# papers
Netherlands	75	Singapore	4
Brazil	61	Slovenia	4
USA	50	South Africa	4
China	49	Venezuela	4
Mexico	32	Philippines	3
France	27	Poland	3
Germany	23	Bhutan	2
Australia	18	Ecuador	2
Vietnam	18	Nepal	2
Argentina	17	Pakistan	2
Malaysia	17	Bangladesh	1
Russia	16	Belgium	1
Colombia	15	Czechia	1
India	14	Denmark	1
Thailand	12	Fiji	1
Japan	11	Finland	1
UK	10	Italy	1
Spain	7	Lebanon	1
Costa Rica	6	New Caledonia	1
Cuba	5	Switzerland	1
New Zealand	5	Tunisia	1
Portugal	4
