ANDRÉS VÉLEZ-BRAVO & JUAN M. DAZA (2021) Molecular systematics and genital morphology of the Neotropical cockroaches from the genus *Xestoblatta* (Blattellidae). *Zootaxa*, 5057: 301–328.

GenBank accession numbers for the new nucleotide sequences were not provided in the originally published supplementary Table S1. A new table S1 that includes the previously missing information is now available in the Supplementary File.
