KALESH SADASIVAN (2021) A new species of *Pomponia* Stål, 1866 (Hemiptera: Cicadidae) from the Western Ghats, with notes on the status of *P. linearis* (Walker, 1850) from southern India. *Zootaxa*, 5040: 388–403.

On page 390, Figure 2C was mislabelled as “C, Types of spines. 1—erect, 2—suberect, 3—decumbent; 4—semi-decumbent, and 5—adpressed”. It may be correctly read as “C, Types of spines. 1—erect, 2—suberect, 3—semi-decumbent; 4—decumbent, and 5—adpressed.
