JEAN-PAUL HAENNI & KAWTAR KETTANI (2026) The Bibionidae (Diptera) from Morocco, with description of four new species. *Zootaxa*, 5793 (2): 392–420.

An incorrect former version of the plate illustrating the male terminalia of *Bibio* species was erroneously included. The correct version of Figs 23–28 page 406 is provided below:

FIGURES 23–28. Male terminalia of *Bibio* species, dorsal view (pilosity omitted): 23. *B. anglicus* Verrall, 1869. 24. *B. ebejeri* sp. nov. 25. *B. kedrocharis* sp. nov. 26. *B. lanigerus* Meigen, 1818. 27. *B. longitarsis* sp. nov. 28. *B. ponti* sp. nov. (scale bar: 0.5mm; ep: epandrium; gs: gonostyle; gx: gonocoxite; hy: hypandrium).
